

7.1.1.

Gender write up

Kamala Nehru College aims at spreading awareness about gender equality and women empowerment by creating a safe space and gender-sensitive environment for all. It encourages, empowers, and tinkers young minds to become the changemakers for the community, by giving them a non-judgemental and safe space to advocate about gender equality and equity, gender-based concerns in society, mental health, financial literacy and other sensitive issues which need attention from a feminist perspective. The college through its multiple endeavors and initiatives seeks to educate, engage and empower students on campus. Women's Development Cell of Kamala Nehru College continues to push boundaries towards creating awareness and facilitating dialogues around gender-based issues amongst students on Campus. Through the tough times of COVID-19, the society made relentless efforts to engage students in number of online activities, discussions and workshops to keep them aware and encouraged them to express themselves creatively. Internal Complaints Committee is a statutory body of the college to address concerns around sexual harassment on campus. Other societies like NCC, NSS, sports, theatre and dance continue to create more avenues of expressions, opportunities to develop skills and platforms to encourage the participation of young women. KNC believes in a holistic growth of students with a syncretic approach combining formal and informal modules of gender streamed education.
