At KNC co-curricular and extra-curricular activities are encouraged with a view towards holistic development. There are more than a dozen cultural and performing arts societies in the College like classical music, western music, dance, fashion, dramatics, choreography, Hindi and English debate, quiz, fine arts etc. KNC follows the best practice of providing training to the members of such societies every semester through weekend workshops, where students get the opportunity to interact with distinguished trainers and experts. From August to October, *Breakthrough*, an organization focusing on issues related to violence and discrimination against women, conducted a training programme for the students.

Institutional Social Responsibility

In the domain of co-curricular activities, NCC and NSS shouldered wider social responsibility as an integral part of education. Our cadets have successfully executed various extension activities in collaboration with industry, community and non-government organisations during the past year, like Swachh Bharat Rally in collaboration with Andrews Ganj MCD School; Food distribution at

Lajpat Nagar; Cleanathon conducted in Sarojini Nagar, followed by a Plantation Drive at Gulmohar Park. The NSS unit of KNC organized cleanliness drives in the month of August 2019 in four phases to mark the Swacchta Pakhwada under the guidance of the Programme officer, Ms. Namita Paul. Kendriya Vidyalaya, Sadiq Nagar and the Green Park Market were cleaned as part of this drive. On the occasion of Gandhi Jayanti, the NSS Unit of KNC organised a cleanliness drive in the college campus to contribute to Swachh Bharat Abhiyan to commemorate Gandhiji's 150th birth anniversary. The NSS mobilized the college community to curb Single Use Plastic under Swacchta Hi Sewa Abhiyan. NSS KNC was also honoured to be a part of the National Mission for Clean Ganga, organised on 4th November, 2019 at Dhyanchand National Stadium by the Ministry of Jal Shakti, Government of India.

Our extension activities have contributed to the nation building exercise. Khushi Kapoor, an NSS member from Psychology (Hons) was appointed as the SVEEP College Campus Ambassador, to increase voter awareness and facilitate the registration of voters in the electoral rolls in collaboration with the Election Commission of India. The college makes a significant contribution in nation-building by providing infrastructural support to elections of Lok Sabha and Vidhan Sabha, as the college ground and building are used for months altogether as Training Centre for the elections. The College observed the second anniversary of the Surgical Strike and also celebrated Kargil Diwas on 26th July 2019 with Colonel Vijendra Thapar, father of Kargil hero Lt Vijayant Thapar as the Chief Guest, and the National Constitution Day on the 26th of November. On the occasion of National Unity Day on 31st October, the NSS unit of KNC took the unity pledge.

The College has been working towards extension activities and institutional social responsibility through its cultural societies too, like the Equal Opportunity Cell, Gandhi Study Circle, Consumer Club and Green Beans. The Equal Opportunity Cell of KNC signed an MoU with 'Inside Me', an NGO wherein our students regularly visit their schools to help them in art and craft. The society also marked the 'International Cane Day' in College premises to sensitize people about the importance of white cane in the life of the visually impaired. A community outreach programme was also organised in two blind schools of Delhi, wherein the members interacted with blind students, listening to their thoughts and stories and sharing the same with them. Under the aegis of

Consumer Club, Kamala Nehru College became the proud partner of The Kailash Satyarthi Children's Foundation Consumer Campaign, run by the celebrated Children Rights activist and the Nobel Peace Prize recipient, Shri Kailash Satyarthi. The Gandhi Study Circle of the College celebrated various activities throughout the year to commemorate the 150th birth anniversary of Gandhi ji, like the annual 'Charkha Utsav' first celebrated in 2017. An 'Ahimsa Silk Exhibition' was put up by NSDTI, Madhya Pradesh, as part of Gandhi Vandana, the annual event organized to remember Gandhi ji on 30th January 2019. Dr. Neena Bansal, faculty member of KNC received an award for 'Best Contribution as Convenor of Gandhi Study Circle' towards "Spreading Gandhian Values among College Youth and Fraternity" at Gandhi Bhawan, and that speaks volumes about our commitment to Gandhian ideology.

Also worth applause is the Green Beans' commitment to sustainable development. In November 2019, the College canteen composting plant was inaugurated and a short training programme for the students and the canteen staff was conducted by Mr. TRN Rao, who has been associated with Swarn Vasudha, an organization working on household composting. Mr Rao demonstrated the process of composting using the biodegradable waste from the College canteen and also vertical gardens for growing organic vegetables on terraces. In a unique initiative of Green Beans Society, the students calculated the water footprint of a representative sample of 800 students at Kamala Nehru College. The survey was conducted using the water footprint calculator developed by the researchers at UNESCO-IHE from waterfootprint.org. The water footprint of 74 % of the students lies between 400-1899 cubic meter per year. The study was conducted to make students aware about the judicious use of water by reducing their personal water footprint for a sustainable future. Here it is worth mentioning that India is the country with the largest water footprint in the world.

Active social engagement is also the vision of the Placement Cell of KNC. Our students have been placed in companies like KPMG, EY, Wipro, Tresvista and others. The Cell provided internship and live project opportunities to our students. Major recruiters included the Yes Foundation, Consumers India, Glinks International, Decathlon, among the 30+ companies that approached the College. The Placement Cell continued with its 'Career Guidance Series' and the sessions were conducted by Mr Jitin Chawla, a prominent placement expert. The Placement Cell introduced a new platform named 'Government Jobs and

Scholarship Opportunities' in the year 2019-20, whereby it has successfully oriented students towards highlighting opportunities in sectors like Judiciary, Indian Forest Services, Delhi Police, SBI, LIC, RBI and many more.

Sports

Sports is yet another field of excellence at KNC. Amongst the numerous laurels, I would like to mention that Medha Saini won Gold Medal in the 1st Champions Open National Taekwondo Championship held at Talkatora Indoor Stadium and also at the Delhi State Taekwondo Championship, held at Tyagraj Stadium. Priya won Gold Medal in 100 meters Hurdle in Delhi State Athletics meet held at JLNS. Our football and basketball teams secured top positions in intervarsity and state level tournaments.

Superannuated Members of KNC

The College bid farewell to two members of the non-teaching staff in 2019, Shri Shankar (Security staff) and Smt Dayawati (Sanitary staff). At this juncture, I would take the opportunity to acknowledge Dr. Manju Gupta, a retired faculty member from the Hindi Department, for her generous donation of 2.5 lakh for student scholarships.

Administrative Accomplishments

Adopting the welfare approach, many students and staff friendly facilities have been furnished. Four sanitary napkins vending machines have been installed in rest rooms and common room. State bank of India's mobile ATM van has been made available daily for the ease of staff and students. The tactile paths have been laid out in the college and ramps constructed in New Seminar Room in order to make the college infrastructure accessible for all. An e-resources section for the students has been set up in the library with 12 work stations. The teachers' Research room in the library has been renovated and equipped with laptops on all the desks with wifi connectivity. The area around bamboo rooms has been landscaped as 'Nature Square' with lotus pond murals painted on the walls in miniature style by the Fine Arts Society students. A real time temperature and humidity display has been installed on the boundary wall overlooking the busy intersection of Siri Fort Road and August Kranti Marg, for the benefit of people passing by the college. Another initiative worth appreciation is the installation of the e-waste bin in the college lobby, and an MoU signed with Chintan, an NGO working on waste management for

responsible disposal of electronic-waste by licensed recycling units. Another MoU has been signed with the NGO, Family of Disabled (FOD), whereby old newspapers are provided for making pencils out of recycled paper to generate employment for the differently-abled people. With the aim of strengthening the alumnae network, the alumnae association, Madhursmriti has started an online registration portal that was formally declared open at the annual Alumnae Meet of 2019. The first annual general body meeting (AGM) was held on the 9th of November 2019. The election of the office bearers of the Students' Union was combined with the election of student representatives of Internal Complaints Committee (ICC) in a smooth manner. KNC has been selected as centre for conducting many reputed entrance exams by outsourced test agencies.

Awards and Recognition

Last but not the least, I would like to showcase the individual achievements of the members of the faculty. Dr. Kalpana Bhakuni received a National Award, Bhugol Shastra Bhushan from the Deccan Geographical Society of India in September 2019. Dr. Renu Bali was the recipient of the Award for College Lecturers given by Directorate of Higher Education, Delhi Government for the year 2019. Ms. Homolata Borah received the 'Mary Fran Myers Scholarship Award' from Natural Hazards Centre, University of Colorado, USA in 2019. Ms. Shikha Gupta of the Commerce department won the award for Best Paper Presentation at an International Conference organised by Global Research Foundation.

Dr. Shweta Suri published a book on Sports Injuries. Mr. Ramesh Aroli's poems have been translated into

Spanish language and published in a special Indian issue of "LUVINA-97", a literary magazine published by the University of Guadalajara, México in 2019.

A large number of faculty members have attended, as well as presented papers at international and national forums, the details of which are included in the relevant sections of the Annual Report. Many others have contributed 'Chapters' to books, and published articles in peer-reviewed international, national and e-journals of repute. Various members have been invited as Speakers at International Conferences, Workshop Resource Persons and as Guest Editors of journals, as well as chaired sessions. The members of the faculty are also actively involved in syllabi conceptualization and revision, spearheading committees across levels in the University of Delhi.

Time constraint prevents me from mentioning the numerous other achievements of the College. They, however, find a place in the detailed College Report. On this congratulatory note, I would like to conclude by once again extending my gratitude to the Dignitaries present here, and all those associated with KNC, who have believed in our progressive vision. Long live KNC! Jai Hind!

Thank you
