

Kamala Nehru College-“An Anti-Smoking and Anti-Drugs Zone”

Since the establishment of Kamala Nehru College, strict regulations have been implemented to assure that the campus remains as a Smoke-Free and Drugs Free Zone.

The Year 2014 was another milestone in the college endeavor as many activities and many sessions like Group Discussions, Seminars, Video Sessions and Theater plays etc. have been organized on a regular basis to create awareness about active and passive smoking as well as Drugs Consumption. For creating the awareness about the harmful effects of smoking and drugs consumption, we have put various sign boards and posters in our college on all the important places like canteen, corridor, parking, foyer, College gate and library.

If somebody is found smoking in the college campus, very strict actions will be taken and heavy fine will be imposed.
