

Activities 2018

In 2018, Kaleidoscope conducted various events to create visibility and a significant place for itself in the Delhi quizzing circuit. We increased participation to expand our knowledge base and to be known as a team to be reckoned with. In February, our first event 'Inquizitive' – A General Quiz for the annual fest ULLAS 2018 was held. With good participation from colleges and universities across Delhi, it was a successful event that was enjoyed immensely by the participants who found it informative and competitive as they reached the final rounds of the quiz.

In March, our next event, an Intra College Quiz was met with a lot of enthusiasm. The students of Kamala Nehru College found the quiz thought provoking and enjoyable. In August, with the new semester, we conducted auditions to find eager minds with a passion for quizzing. We formed a new team for the coming year.

Workshops by two professional quizzers were conducted to familiarise members with university level quizzing. The experienced speakers shared their useful tips and tricks to crack quizzes and organize events. In October, we conducted our last event of the year, an Intra College Quiz based on travel, literature, and culture. The students found the quiz very fascinating and engaging. We hope to widen our reach and build a team of ardent quizzers in the following years.
